premium

## Priority Actions

- 1. Define the goal clearly.
- 2. Capture the key decision.
- 3. Prioritize the most valuable move.
- 4. Finish with a check and reset.

## Why It Converts

Protect margin and consistency.  
Speed up service decisions with a clear plan.  
Tighten prep, inventory, and service.  
Create a premium operating system.

## Premium Workflow

- Step 1  
Set the target outcome.
- Step 2  
Track the essentials only.
- Step 3  
Repeat with better speed.

## Luxury result

A cleaner one-page system that feels more premium, more useful, and more worth paying for.
