Priority Actions

1. Define the goal clearly.

2. Capture the key decision.

3. Prioritize the most valuable move.

4. Finish with a check and reset.

Why It Converts

Protect margin and consistency.

Speed up service decisions with a clear plan.

Tighten prep, inventory, and service.

Create a premium operating system.

Premium Workflow

Step 1

Set the target outcome.

Step 2

Track the essentials only.

Step 3

Repeat with better speed.
